

ABOUT OUR COMPANY

Founded on July 12, 2006, PT. GPS Lands Indosolutions provides array technology solutions for survey and mapping in the region. Located in South Jakarta, Indonesia, We are authorized distributor of Trimble Geospatial, Trimble Advance Positioning, DJI Enterprise, LoadSensing, Geosense, Vaisala, Agisoft, Pix4D and Terrasolid.

Our mission is to build relationships with customers that are based on honesty and satisfaction, not just on sales.

LET'S HAVE A CONNECTION
